The Ministry of Defence (MoD) is selling Old Park. This presents us with a unique opportunity to save this wonderful green space for the community to use forever.

If we can prove that the Old Park is used by the community for lawful recreational purposes, we stand a good chance of having the site designated as an Asset of Community Value (ACV). Having ACV status will allow at least 6 months in which to raise funds to help buy the site.

This is where we need your help. If you visit Old Park for recreational purposes or have done so in the last 5 years, please send us a short email (a paragraph is ample) telling us how you have used the site. Add a photo if you can. We particularly need information about use of area 4 in the map, as opposed to the cycle route or public rights of way.

**Please send your statement to:
oldpark@gn.apc.org**

Our deadline for evidence statements is Monday **10 March**, but please send them as soon as possible. We are aiming to include at least 100 evidence statements with our application for ACV status. Thank you very much.
